Room 1 newsletter

Monday 24 May 2010

Designed by
Betty

I have been in Room 1 a bit lately. Almost everyone in Room 1 has been doing courses at Polytech so I am doing this newsletter for them.

From Brooke (R5)

This Winter I'm playing hockey for a club. My first game of the year was good - we won! The score was 3-0, it was fun. I am goalie for my team. Last Sunday we played a very hard team who got in four goals but we lost the game. My coach is very tough and if we talk at hockey she tells us to stop talking. If we don't listen to her she makes us run round the hockey turf. But she tells me don't go for a run because I have all my goalie gear on and it is too hard to run in it! My bad game was when it was raining and I played in the rain but it was bit fun to get wet but that game was bit hard because we lost by 7 goals. I hope this weekend we can win our game!

I had baby Tracey. We have to feed, burp, change her nappy, and she gets fussy! Tracey was happy, then she was awake. Soon she was asleep then she woke up again. Tracey only slept for 60 seconds! Then Tracey was coughing and she was crying. After that she wanted a bottle and another change of nappy, then a burp and baby Tracey was happy. She is an electronic baby that teaches you how to look after a baby.. I programme her for everyone.
