Salisbury School

Just last week I started at Waimea College doing Maths. Now I am doing two subjects. It is cool and very exciting. I am doing great in art, we are making Manny dolls. That is made out of paper Mache.

Mine is a grimreaper. You have to sculpt them with your hands. It is fun and slimey.

By Caitlin

On Friday the whole school went to the Disco. It was fun and I danced with people and after that it was supper. It was to fundraise for Hurley's camp next Term. It was really fun.

By Jasmine.

In the holidays I will spend time with Haylie My niece and take her out. I will also catch up with my mates.

I will go to work with my dad on the chicken farm.

From Brooke

Last week on Friday I got picked up at school by my mum. It was assembly. My mum came to assembly. Mum took me back to the cottage and packed my night bag. We stayed in a house on the school grounds and had tea. I stayed a few nights with mum. It was Friday, Saturday night and Sunday.

By Melanie

In the holidays I will have my music up loud and I may spend time at my dad's house and pat my cats. We are going to find a rabbit I like.

I will help my nana and granddad with house work and watch some random cool movies.
