Under the Mountain is a book and a movie. Our class has read the book and watched the movie.

Once there were two boys with the stones and Mr Jones. One boy got killed by the Wilbourforces and Mr Jones didn't help them. Later Rachel and Theo got back home from school. Rachel saw the police come to her house and her dad told her that her mother had died. Rachel & Theo went to Auckland and got picked up by their cousin, named Ricky. They went to stay with their aunty & uncle in a house that had a lovely view of the lake.

When they went to the beach Rachel and Theo saw the car that belonged to the Wilbourforces. They opened the back of the car and there was slime and sticky goo in the car. At the end of the movie, Rachel covered herself with fire, so she helped Theo. They threw the two stones up in the air, and all the volcano's exploded in fire all around Auckland. Rachel and Theo got back together again and Mr Jones died. He did his best.

In kapahaka I am teaching Rangjata a karanga because Mrs Madden said that Rangjata needs to learnt. This is because some of the girls are go to a Marae. I love doing kapahaka because it is my culture. We do kapahaka on a Friday afternoons. There are 16 girls in the morning group, and we have a Pacific Island group that performs with the kapahaka group too. When they perform they wear a uniform. This term we have performed twice, once at Wakatu RDA and the second time was for the Kindergarten. We will do more performances during the year.

Mr Jones finds some three year old children named Rachel and Theo with red hair. Then when they went to Auckland Rachel and Theo smelt something. It smelt like rotten cabbages. The Wilberforce's came and got Rachel. They we're slimy and sticky. Rachel and Theo held each stone one was red and one was blue.

But Theo can't hold the stone as long as Rachel. The Wilberforce's came to hurt them. Rachel and Theo threw the stones out into the volcanic crater and make it light up. The light killed the Wilberforce's that lived under the mountain. Then Rachel and Theo got back together at the end but Mr Jones dies.

Yesterday room7 and room1 watched under the mountain the DVD.

There were two twins with red hear there names are Rachel and Theo. They lived with there Mum and Dad in the city. When Rachel came home from school the police car was there Rachel started running into the house she saw her dad crying, he told her that her mum had past away. Then the twins moved to Auckland with their aunty and uncle and their Cousin Ricky. Theo and Rachel's cousin Ricky had a girlfriend. When their aunty and uncle went away somewhere one day, Theo and Ricky went out and Rachel was all by herself. She opened up the curtains at night she saw the Wilberforces. She shut the curtains and then she heard someone knocking at the door. When she asked who is it, the voice said it was the police. But it was really the Wilberforces. He said I've got bad news, it is your aunty and uncle, please let me in. Rachel looked through the little hole and he kept on saying let me in now, then he was trying to get into the house then she started crying. He broke in and picked her up by the stairs, but she slipped off her jersey and fell down to the ground. Just then her brother Theo, Ricky and Mr Jones came in and saw the Wilberforces trying to chase Rachel. When Theo was out with Ricky he found Mr Jones. Mr Jones gave Rachel and Theo two magic stones. When they saw the Wilberforces trying to kill them, but when Mr Jones gave Rachel and Theo the two magic stones Theo held the stone and closed his eyes and in his stones he saw another set of boy twins, but they failed the stones so they past away. Ricky and his girlfriend went to Ricky's house to get his Dads boat. When they were going out of the drive way he saw his dad but it was really the Wilberforces. The Wilberforce car was filled with yucky slime then Rachel and Theo went into the scary old house there where more Wilberforces in the old house. Mr Jones went with the police and the kids had to go home and Mr Jones had to go to jail. When Theo was asleep, Rachel opened up the door and standing there was Mr Jones but it really was the Wilberforces. He took Rachel in the old house, and at the end they went to Ricky's house to get the boat and then they took Rachel and Theo back to the sea.
