

Room 7 Newsletter 2010

Week 5.

I have made new friends at this school while I have been here. I have just come back to this school so this is my third year being at Salisbury girl's school, Richmond, Nelson. I am so glad that I got to come back for one more year, and to help people to make good choices. Sometimes if you are being really good you might get pink card. And if you get pink card you can have one free phone call home to your family and friends to tell them you got pink card for being good and being a good role model. And you might help people make good choices. And you could get some good prizes if you are not being mean at this cool funny school. This school is so fantastic. A really cool, kind school. I am so glad that I came back to this school to learn. I can not wait till I go home on the 31st of March. 2010 I love this school so much. I do not won't to leave this school.

On Wednesday we went to Whenua iti, it was an exciting adventure. We played catch the toys. We had to catch them before we say each other's name. We had some great activities.

We used the ropes to walk on the wire. We all liked using the low ropes, we were using teamwork, it was good to trust your team and interesting. Next we went to the flying kiore. It was a little scary as I was really high.

I'm sure I would break my bones if I fell.

This was an awesome adventure.

On Thursday Room 1 and 7 went to Whenua iti.

At Whenua iti we went on the flying keore and it was good fun. We did some activities with the teacher and we had a good time. Then we did some team work on low ropes and we did some work on the high ropes and the swinging ropes too. The afternoon was interesting too. We did the blindfold game and it was exciting to do, and a little bit scary for me to do but I got used to it.

By Molly.

I went to the Whenuiti Outdoors centre. We did long ropes. We went high up in the air on the flying Keore. It was fun.

We had lunch with Mrs Willam's.

We touched the ground. We were joking and it was fun. I was walking on my feet. We went ski walking.
