30th April 2010

In the holidays I went to stay with my mum, Uncle James, Chevy ,Harley, family and fiends. We had family over in the holidays. I also got \$10 from my mum for being helpful in the holidays.

My family came and stayed with us for the holidays. My mum bought me some new clothes and shoes for me to take back down to Nelson boarding school.

My dad sent my mum \$20 and she bought me Hannah Montana the movie and 4 cds. They are called Justin Bibber and Jay Williams. My best friends gave me some photos of them and me and all of my family and friends. Mum and my cousin who is like a brother to me went to go and see my mums' friend who is like a aunty to me and she lives in Ngatea. Her son and his friend came and stayed at our house for the holidays.

It was so cool playing with my family and friends that stayed with us for the holidays.

In the holidays I helped my Mum with the baking. Then it was Easter. The Easter bunny gave me a dvd and a box full of chocolate Easter eggs.

I went to Hamilton Zoo with my Mum, my brother and my Grandma. I also went to see the movies.

The movie was called "Nanny Mcphee and the big bang."

Later I had a garage sale at my Grandma's house. It was a good holiday.

Under the Mountain is an really interesting and exciting book. It is about twins that go and stay with there aunt and uncle on the North Shore of Auckland out near Rangiatoetoe. It is a book that will make you read it over and over.

It is sad at the end but not too sad to put you off the story I like how the Author wrote the book.

The twins' names are Rachel and Theo.
